Does it hurt the Clothes? We hear that some woman, said of

Pearline—it's the greatest thing I ever saw for early washing and ceaning; in fact it does so much I in arraid of it. She recalls the sid saying, too good to be true. How absurd to suppose that the universal popularity of Pearline is due

to anything but won-derful merit. How absurd to suppose that millions of women would use PEARLINE! the hands or clothing.

How absurd to suppose that any sano man would risk a fortune in advertising an article which would not stand the

most severe (and women are critical) tests.

That's just what PEARLINE will stand—test it for easy work—quality of work—for saving time and lakor—wear and tear—economy—test it any way you will—but test it. You'll find PEARLINE irresistible.
